ACCESS TO CREDIT FOR SMALL BUSINESSES

State Small Business Credit Initiative
And
Georgia Agribusiness and Rural Jobs Act

Why SSBCI?

- SSBCI 1.0 was born out of the recession of 2008 – 2009 to help spur the economy for small businesses.
- Smaller banks were closing, and larger banks were not lending to small businesses.
- With SSBCI:
 - ✓ We can offer attractive credit enhancements to lenders.
 - ✓ If lenders can be creative, we can be creative with them.

How does it differ now with COVID-19?

- Covid-19 was an economic shock brought on suddenly.
- SBA and lenders offering deferment of payments and loans with forgiveness options.
- SSBCI also offering deferment options along with lenders of SSBCI loans.
- ❖ Small businesses still need loans for expansion, start-up, purchase, construction, equipment, inventory, etc.

❖ SSBCI 1.0 is still operating. **SSBCI 2.0 IS ON THE WAY!**

GEORGIA'S SSBCI PROGRAMS:

Georgia Small Business Credit Guaranty Program (SBCG)

To guarantee Lender's loans to small businesses that employ thousands of Georgians.

Georgia Loan Participation Program (LPP)

To assist Georgia's private financial institutions in providing capital to small-to mid-sized employers.

SOME ADVANTAGES

Credit Enhancements

Ways in which the lenders may minimize their risk by participating in our programs.

Delegated Lending

The lenders underwrite the loans according to their own underwriting guidelines. They set their interest rates and terms.

Potential for CRA Credit

Important for bankers, this is a regulatory requirement that requires banks to reinvest in their own communities.

Streamlined Process

Lenders underwrite the loans and send to DCA for approval. DCA reviews for compliance and approval process is quick.

Increased Loan Portfolio

The lender is able to make the loan that it would not otherwise have been able to make without the assistance of SSBCI.

Access To Affordable Credit
