- Georgia operated a CDFI companion loan program specifically designed to increase access to capital for Georgia's underserved small businesses.
  - For example, this program supported small businesses located in low- and moderate-income communities, as well as minority- and women-owned businesses.
  - Principal and interest repayments remained at the CDFI as revolving loan funds, administered by the financial institution on behalf of DCA.
  - CDFIs now have collectively \$20 million in revolving SSBCI loan funds to deploy in their respective lending areas for small business lending.
  - Access to Capital for Entrepreneurs (ACE), Albany Community Together (ACT!), Georgia Cities Foundation (GCF), Small Business Assistance Corporation (SBAC), and Southwest Georgia United (SWGUAU).

# Project: Clarke County, Grantswen Properties, LLC, The Sign Brothers, LLC

The purpose of this funding was to provide for a construction/permanent loan to purchase and renovate a 9,600 sq. foot office/warehouse facility in Bogart, Georgia (Clarke County) that will enable The Sign Brothers to better meet the demands of their growing business. Grantswen Properties, LLC (EPC) will own the property being purchased and will lease 75% of the total space to the operating company/guarantor, The Sign Brothers, LLC. The Sign Brothers needed additional space for the design, printing, manufacturing and installation equipment, as they manage the entire process of their production of signs for their customers. They provide architectural signs, banners, monuments, vehicle graphics and wraps, yard signs and many other options.

The Georgia SSBCI program is participating in this project with a total amount of \$146,250, which is 15% of the lender's total loan amount. **This project will help to create 5 new jobs and retain over 16 existing jobs in the area.**
